

## Filmboxes for Agfa d-lab.1 & fp.210

### D-Chem Filmbox F1 for d-lab.1 & fp.210

The CPAC Imaging Filmbox is an easy drop-in replacement for the original Agfa Easy film box chemistry kits. The chemistry is 100% compatible with the Agfa chemistry and equipment. No changes or modifications are required to the minilab. Just like the original Agfa Easy film box F1, CPAC's Filmbox F1 is used in d-lab.1 and fp.210 processors.

Catalog Number	To process	Shipping Weight
55DE5170	3 x 400 films	6,50 kg

### D-Chem fp.210 Filmbox F2

The CPAC Imaging fp.210 Filmbox F2 is a direct drop-in replacement for the original Agfa Easy film box F2. Specifically designed for use in the fp.210 film processor, this filmbox is 100% compatible and requires no changes or modifications to your processor(s).

Catalog Number	To process	Shipping Weight
55DE5171	2 x 200 films	9,40 kg

### D-Chem d-lab.1 Filmbox F2

The CPAC Imaging d-lab.1 Filmbox F2 is a direct drop-in replacement for the original Agfa Easy film box F2. Specifically designed for use in the d-lab.1 film processor, this filmbox is 100% compatible and requires no changes or modifications to your processor(s).

Catalog Number	To process	Shipping Weight
55DE5172	2 x 200 films	12,3 kg

### Making balanced orders

For one Filmbox F1 three Filmbox F2's are needed to process a total of 1200 rolls of film.
